JAR

The image shows the Java logo, which consists of a stylized document icon with a folded top-right corner. A thick black horizontal bar is positioned across the middle of the document. The word "JAVA" is written in white, bold, uppercase letters on this black bar. The background of the entire image is a light gray with a fine, diagonal line pattern.

But what about...?

SCNM

More or less ubiquitous for application code:

- Developers check-in periodically to version control

- Automated release and deployment procedures

- Continuous Integration pipeline with automated tests
